PROJECTS

BIOMETRIC BASED ATTENDANCE MANAGEMENT SYSTEM:

Fingerprint attendance system aims to automate the attendance procedure of an educational institution using biometric technology. This will save time wasted on calling out names and it gives a fool-proof method of attendance marking.A hand-held device is used to mark the attendance without the intervention of teacher.

HR ANALYSIS USING POWERBI:

HR analytics dashboards provide a comprehensive view of an organization's workforce, enabling HR professionals leaders to make informed decisions that can improve employee engagement,retention overall business perform.

TOOLS:POWER BI
